Blastocyst culture ² (<i>embryo culture past day 3</i>)	£550
Preimplantation genetic screening of embryos (PGS) by next generation sequencing (NGS) [up to 6 embryos]	£1,500

¹ Please note that this an estimate of the costs for medications as each patient will require a different amount of medications, please refer to our medications packages and individual medications price lists for details.

² Please note that all patients will be charged for blastocyst culture by default.

Abandoned cycles: cycles abandoned prior to egg collection will be billed for monitoring scans and blood tests plus a £100 cycle cancellation fee; at egg collection, if there are no eggs or failed fertilisation, or no embryo transfer (ET) takes place, we regret no refund can be issued. Deferred ET cycles abandoned after egg collection will be converted to a fresh ET cycle and no further refund will be issued.

Payment terms: treatment charges are due by 1st scan and all other charges are payable upon presentation.

PLEASE TURN OVER

Please note: This price list is effective from 16th April 2018, serves for information purpose only and should not be treated as a formal service agreement. The above figures are intended as a guide and are subject to change without notice.
