Patients considering this treatment are advised that frozen eggs will require ICSI to be fertilised, please refer to our patient information and price list for that treatment. Furthermore, frozen eggs are not guaranteed to achieve a pregnancy in due course and should be viewed as a back-up plan.

Patients considering treatment are advised that additional costs may be incurred, such as:

Follow up consultation	£130	Blastocyst culture	no charge
Saline hysteroqram & endometrial scratch	£350	Additional freezing of embryos by vitrification (excludes storage)	£400
Donor sperm (2 ampoules)	£1,000	Cryogenic storage (per annum)	£300
Elective sedation	£350	Laser assisted hatching	£500
IntraCytoplasmic Sperm Injection (ICSI) – reduced charge	£800	Time-lapse microscopy (Embryoscope)	£500

Please note: This price list is effective from 18th April 2017, serves for information purpose only and should not be treated as a formal service agreement. The above figures are intended as a guide and are subject to change without notice.
